BIG BATTLE FOUGHT

The Russians Lost Heavily, Lieut. Gen. Sassalitch Being Reported Among Dead.

A BOMBARDMENT OF PORT ARTHUR

No Truth in the Report That the Vladivostok and Port Arthur Squadrons Effectuated a Junction.

A Complete Re-Establishment of Railroad and Telegraphic Communication With Port Arthur Brought About.

Paris, May 11.—The Matin's St. Petersburg correspondent says it is persistently rumored that there has been a big fight near Mao-Tien-Ling pass between the Russians and Gen. Kuroki's army. The Russians, he says, lost heavily, Lieut. Gen. Sassalitch being among the killed.

London, May 11.—The Tokio correspondent of the Morning Post, cabling under date of May 10, says that a high angle bombardment of Port Arthur is proceeding.

St. Petersburg, May 11.—An official investigation shows there is no truth in the report that the Vladivostok and Port Arthur squadrons have effectuated a junction after a naval battle in which both squadrons suffered losses.

St. Petersburg, May 11.—The most important official news from the front up to this hour is that telling of the complete re-establishment of railroad and telegraphic communication with Port Arthur, though how it was brought about and whether a battle was necessary to accomplish it are mysteries which Viceroy Alexieff failed to clear up.

The elation of the authorities, a natural consequence of this achievement, is sobered by official dispatches showing the activity of the Japanese in Eastern Manchuria. Kuang-Gen-Sian (Huang-Tsang Sal?), 50 miles north-east of Feng Wang Cheng, was occupied by the Japanese May 5. This enables an advance along the bad roads to the flank either at Liao Yang or Mukden. The territory between the main road to Feng Wang Cheng and the river Tayang has been penetrated by such a strong force of Japanese as to lead to the suggestion that another army has landed at Takushan, of which the outside world has not before heard.

The activity of the Japanese, however, has been expected and therefore has not diminished the satisfaction felt at the opening of communication with Port Arthur.

London, May 11.—The Chronicle's correspondent at Shan-Hai-Kwan, under date of May 10, says that the Japanese first army from the Yalu river already is threatening the Russian position at Hal-Cheng. The second army, marching in three divisions in order to co-operate with Gen. Kuroki, has defeated the Russians near Wafung-Tien with great loss, the correspondent says. He adds that the Japanese artillery was splendidly handled.

The Chronicle's Tokio correspondent declares that Port Arthur will be bombarded with heavy guns and that a concentrated assault will be made on a well-known vulnerable point in the defense.

SUBMARINE BOATS.

Four Are to Be Built in This Country For Japanese Navy.

Newport News, Va., May 11.—From a reliable source comes the information that a contract has just been awarded the Newport News Shipbuilding Co. for the construction of four lake submarine boats destined for service with the Japanese navy in the war in the far east. Shipyard officials here refuse to confirm or deny the report, but it is believed here that the yard has been rushing work in warships contracted for in an indirect way for the mikado's government for some time past.

Ship Sold to the Russians.

Berlin, May 11.—A special dispatch from Hamburg says that the Hamburg-American Steamship Co. has sold to the Russian government the trans-Atlantic liner Augusta Victoria, and that negotiations are proceeding for the purchase of the Pretoria.

JURY SECURED.

The Rising Sun Murder Trial Is Fairly Begun.

Rising Sun, Ind., May 11.—In the Gillespie case the work of securing a jury was resumed at 9 o'clock Tuesday morning. The first peremptory challenge by the state excused James Hulbert, a farmer.

Juryman George Hanna said that he had answered a question Monday which he did not understand. He said he would not vote to hang a woman. He was excused.

A jury was finally secured, as follows: Albert Patey, farmer; David Bailey, farmer; David H. Gibson, farmer; George Reiman, farmer; W. J. Powell, farmer; Hugh French, farmer; W. J. Spaulding, farmer; H. W. Neaman, farmer; Sherman Clark, mechanic; W. O. Powell, retired farmer; Henry Kurr, shoe dealer; Wade H. Rodgers, farmer.

Both sides professed to be satisfied with the jurors selected, but the right remaining to challenge it can not be counted as the jury as it stands until sworn in.

THE FERRIS WHEEL.

Bar of Iron Fell From the Top, Killing a Laborer.

St. Louis, May 11.—A bar of iron fell from the top of the Ferris wheel at the World's fair Tuesday, striking a laborer on the head and killing him instantly. Dr. Edward Lewis responded from the Emergency hospital in an ambulance and upon arriving found the laborer dead, and refused to take the body to the hospital, suggesting that the morgue wagon be called. This angered the dead laborer's 100 fellow workmen, who insisted that the body should be taken in the ambulance. Dr. Lewis was knocked down, beaten and kicked by the crowd till it became necessary for him to be taken away as a patient in his own ambulance.

A TEST FOR POISON IN FOOD.

It Resulted in the Acquittal of John A. Fletcher.

Belleville, Ill., May 11.—A test for poison in food was made in Justice Cannaday's court Tuesday which resulted in the acquittal of John A. Fletcher, who was arrested and charged with having prepared the edibles to cause the death of members of his household. The test consisted in having Fletcher eat a dish of beans and drink a cup of coffee submitted as evidence. The test was suggested by Fletcher's attorney who said that he was willing that his client should prove his innocence in this manner. Fletcher ate the beans and swallowed the coffee but showed no signs of illness and was discharged.

AS CHIEF ENGINEER

John Findley Wallace, of Chicago, Appointed by the Panama Canal Commission.

SALARY WILL BE \$25,000 A YEAR.

About Two Years Will Be Required to Make Surveys, Estimates of Expenses and Plans.

Canal Will Cost \$200,000,000 and Will Require Ten Years to Complete It—Over 50,000 Men Will Be Employed.

Washington, May 11.—Adm. Walker, president of the Panama canal commission, received a telegram Tuesday from John Findley Wallace, of Chicago, general manager of the Illinois Central railroad, accepting the appointment of chief engineer in charge of the construction of the canal. Mr. Wallace will receive a salary of \$25,000 a year.

"Mr. Wallace has been considered for some time by members of the canal commission for the position of chief engineer," said Adm. Walker. "No one stands higher in his profession or is better equipped to take up the work mapped out than he, and the commission is to be congratulated on securing the services of such a man."

Mr. Wallace will take up his work with the commission on June 1. He will arrive in Washington on or before that date and for the present will have his office at the headquarters of the commission in this city.

It is estimated that about two years will be required to complete the surveys, make the estimates of cost and decide on the final plans. In round figures the canal will cost \$200,000,000 and will require ten years to complete it. Aside from the engineers, machinists and other skilled labor the construction work will give employment to 50,000 men.

Possibly the most important qualifications possessed by Mr. Wallace is his ability and tact in the management of men. For several years all questions involving the matter of labor and the control of labor organizations in the entire system of the Illinois Central Railroad Co. have devolved upon Mr. Wallace for settlement. The 23 different labor organizations found among the employees of the Illinois Central have always had the most implicit confidence in his decisions. As evidence of this, it can be stated that they have never in a single instance appealed from his decisions to higher authorities since he has been general manager of the road.

The appointment of Mr. Wallace as chief engineer of the canal means his practical residence on the isthmus while the canal is being built. He will depart for the scene of his new work almost immediately, probably not later than the middle of June.

ARMY POST SCHOOLS.

Orders Prepared to Carry Out the Provisions of the Dick Law.

Washington, May 11.—An order has been prepared at the war department to carry out the provisions of the Dick law relating to the attendance of militia officials at army post schools. According to the report the sugar beet crop of 1903 amounted to a little more than 2,000,000 tons harvested from 242,576 acres, the average yield being about 8½ tons to the acre. The prices received for beets ranged from \$4.50 to \$5.60 per ton, the average being nearly \$5.

Over in Germany the court ladies have discarded the corset and have adopted a loose, flowing garb which would be called a Mother Hubbard if it were worn by any but a court lady. WENTZ MYSTERY.

Coroner's Inquest Held on the Body of the Young Philadelphia Millionaire.

A BULLET HOLE IN THE REMAINS.

The 32 Caliber Ball Had Passed Through the Fifth Rib and Penetrated the Heart.

The Right Hand Was Missing and Was Probably Borne Away By Wild Beasts—Two Men Held On Suspicion.

Bristol, Va., May 11.—The shrunken and decayed body of Edward L. Wentz, of Philadelphia, was literally taken to pieces Tuesday afternoon by physicians and detectives in the course of the coroner's inquest, which was begun at 4 o'clock in the dark cavern of Black mountain.

Young Millionaire Wentz mysteriously disappeared October 14, 1903, and his body was found Sunday near Kelly View within a mile of the place where he was last seen alive. Wentz was in charge of his father's mines in Wise county. Since his disappearance more than \$50,000 has been offered for any news of him.

The startling feature of the inquest was the discovery of a 32-caliber pistol ball in the body which might have been discharged from the empty pistol of the same caliber found 18 feet from the remains. The ball had passed through the fifth rib, entering in front, had penetrated the heart, a back rib and lodged in the muscles of the back one and a half inches from the spine. Several holes were found in the clothing where other bullets entered but beneath them the body was intact. The right hand was missing and was probably borne away by wild beasts. A white pearl button, which could not have belonged to the murderer, was found nearby.

There is little doubt that the ball penetrated the heart, as the physicians found evidence of hemorrhage in that portion of the body and an immense amount of blood congested back of the lungs. Detectives on the scene made careful examination of the pistol, finding it to be a Smith & Wesson, No. 85-050. Two cartridges were on either side of the hammer, but the chamber under the hammer contained an empty shell, as well as the two lower chambers.

It was stated Tuesday by persons close to the Wentz family that the question of reward will be settled as to the amount and time of payment after the verdict is rendered. There is a great difference of opinion as to the cause of Wentz's death, whether accidental, suicide or murder. Many believe it was suicide.

Tazewell, Tenn., May 11.—Warrants were served Tuesday on Silas Ison and Tom Wright, prisoners in jail here, charging them with the murder of E. L. Wentz, whose body was found near Big Stone Gap last Sunday. The two men were being held in jail on the charge of being fugitives from justice awaiting orders from Virginia. These men were first suspected of being the murderers of Wentz because a riding suit similar to one worn by Wentz when he went riding was found in their quarters in the mountains. This suit of clothing had bloodstains on it. A probable cause for enmity between Wentz and the men was that Wentz was strongly opposed to them running a blind tiger in Wise county, Va., on Wentz's property. Another reason for believing them guilty is that the men were communicating with persons outside of jail and wrote as if they were trying to cover up some graver crime of which they were guilty.

ENDED HIS LIFE.

St. Louis, May 11.—Capt. Walter Allen, of St. Louis, connected with the World's fair Jefferson guards, and a brother of "Private" John H. While getting shaved at Scott Young's Saturday, Gus Toile remarked that he had a narrow shave that day in the way of a tree-felling adventure. It seems that a large tree himself and another party were cutting down fell in such a contrary direction that they are still wondering whether they escaped on two feet, all fours or making animated wheels of themselves.

Dr. Hord's rubber-tired buggy was left out one evening recently, an unusual occurrence, and rubber tires were cut and slashed by some one who probably thought they were not wearing out fast enough. The Doctor has an idea who it was and an arrest and prosecution for malicious destruction of property will be an event of the near future.

The Maysville Graded School closed one of its most successful terms Friday, April 29th. A fine treat of fruit, consisting of apples and oranges, was greatly enjoyed and appreciated by both pupils and guests, demonstrating the ever thoughtful kindness of Prof. W. R. Chandler and Miss Mayme Yancey. The prizes were awarded to Messrs. Clark Reese, Forrester Gault and Miss Modena Devin in the fourth and fifth grades and to Misses Annie Manion, Irene Turner and Elizabeth Helli in the second and third grades. The progress made by each and every pupil speaks well for the high degree of individual interest and attention shown them by Prof. Chandler and Miss Yancey. Understanding perfectly the art of adapting the best treatment in their close association with so many varying temperaments they have ever won the respect and esteem of pupil and patron and have during their long connection with this school sent from under their careful training girls and boys to be valuable acquisitions to society, stars of the business and professional world or guiding lights of the home circle. During the past ten years our school has steadily risen from the common level of country schools until it stands to-day as the Maysville Graded School, an honor to our community and an incentive to success and progress. All this is the result of the co-operative spirit of principal, assistant and pupils and it is to be hoped that in the months to come more interest will be exhibited by patrons and friends who should realize the priceless value of a good, solid education and a united effort be made to advance the educational status until its elevating influence shall be felt in every home.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. W. Yelliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink."

Mr. A. E. L. Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

J. J. Wood & Son Guarantee to Refund Money if Hyomei Fails to Cure the Worst Case of Catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei, is entirely different. It is made by J. J. Wood & Son, one of the most reliable drug firms in this section. They advertise that if Hyomei does not cure the worst case of catarrh, they will return the money without any question or argument. No business house in Maysville has a better reputation for square dealing than J. J. Wood & Son, and when they guarantee that they will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to, both in the spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breathe will bring recovery so much the nearer. It kills all the germs of catarrhal troubles in the air passages of the head, throat and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but \$1, and extra bottles of Hyomei can be obtained for 50 cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever, when you try Hyomei on J. J. Wood & Son's offer of "No cure, no pay."

Baking Powder Economy

It's downright economy to pay a fair price for the baking powder you use—a price that buys an absolutely cream tartar and soda baking powder. Such a powder leavens better and diminishes the probability of failure in baking. But the chief economy lies in its harmlessness. Alum or ammonia powders are always injurious and their harm comes so gradually that one doesn't suspect the cause.

CHENOWETH'S BAKING POWDER.....

is always fresh, always pure and always alike in leavening strength. It is a cream tartar and soda powder that costs you as little as such a powder can be sold for. To pay more or less is extravagance.

Umbrella Wisdom!

An elaborate handle often blinds one to a multitude of faults in the construction of an umbrella. These of which we tell to-day have handsome handles but they also have frames that will weather the severest storms. Both kinds—men's and women's.

AT \$1.50.

Union taffeta, 26 and 28 inch, with a variety of fancy and natural wood handles, plain and silver trimmed.

AT \$2.50.

All silk, 26 and 28 inch, steel rods, silk cases, assorted handles of pearl, gun-metal, ivory, onyx, silver and natural woods.

The Walking Skirt!

The sensible woman knows the worth of skirts that escape mud or dust. But in the round skirt the faintest irregularity in hanging, the slightest carelessness in finish is especially apparent. That doubles the value of our offer for it represents only skirts that hang perfectly and are faultless in finish. Examine the unusually good skirts we sell

May We Speak

To you about the matter that is of personal interest to both of us? The relationship of our business is closely associated to the welfare of this community, in that as you grow we grow; as you save money, we save money. Looking then in a broad way, should it not move you to greater efforts to better your condition financially, and be better dressed, by buying clothes sold by merit, not by fancy prices. No needless expense or risk in chance taking, but restful assurance in full confidence by buying the *Guaranteed Clothes for Men and Boys*. Right relationship existing between Price, Style and Quality.

The Bee Hive

THREE YEARS YOUNG!

That's what we are, three years young, and in this short time we have the leading business in this section of Kentucky. Some merchants advertise that you should buy their goods because they have been in business forty years or more. If you want a Mohair Skirt and they do not keep them you should buy the goods because their fathers and your father went to school together.

Saturday was the banner day of the Bee Hive's existence. We estimated FIVE THOUSAND PEOPLE VISITED OUR STORE. More than some stores have in ten years. They came here

BECAUSE we carry the best line of merchandise.

BECAUSE we mark our goods in plain figures.

BECAUSE our goods are better for the money than anywhere else.

BECAUSE we welcome comparison with any store in the world.

BECAUSE we are not forty old but three years young, and our motto is "If our stuff ain't right, why you needn't come round."

This week Mohair Skirts are selling fast—blacks and blues, and that pretty blue you like too, \$5.95 to \$10.95.

MERZ BROS.

Some persons are circulating a report that the Globe Stamps will be stopped. This report is false. We are giving out more than ever and will continue doing so. Globe Stamps have come to stay. They are backed with \$500,000 capital and 20 merchants in Maysville. ASK FOR GLOBE STAMPS. Let the knocker knock.

Bidding For Trade

With our new paneling for sidewalls, sitting-rooms and parlors. Our showing in Crown Hanging for the coming season is not only large but uncommonly good, adapted to use in halls, libraries, dining rooms, etc. We are burning the town with low prices on old stock.

ARM BROKEN THIRD TIME.

Master Letzer Wallingford Having More Than the Average Run of Bad Luck.

Master Letzer Wallingford, the bright young son of Mr. and Mrs. R. M. Wallingford of Carmel street, is having more than his share of misfortunes.

Tuesday he fell and broke his left arm while playing at the Fifth ward school, both bones being fractured, at a point between the wrist and elbow. Dr. Reed rendered the necessary surgical attention.

This makes the third time Letzer has broken his left arm, and each time the fracture was at a different point.

The statement that Rev. Clarence Crawford would preach the commencement sermon for Hayswood Seminary was not correct. It was based on an item in the Courier-Journal, which probably had reference to Mayfield instead of Maysville.

MONUMENT TO HIS MEMORY.

Handsome Shaft Now Marks the Last Resting Place of the Late Rev. J. B. Glorieux.

REV. J. B. GLORIEUX,
Our Spiritual Advisor.
1825-1895
Erected by Commandery No. 1,
Knights of St. John,
Maysville.

The above is the simple inscription on a granite shaft just erected in the cemetery at Washington marking the last resting place of one whose memory the people of Maysville and especially the parishioners of St. Patrick's Church will ever cherish and hold in reverence.

For many years Father Glorieux was the faithful and beloved pastor of St. Patrick's Church, and truly has it been said of him, that he was one of nature's noblemen—a Godly man who exemplified his teachings by his daily walk in life; kindly and generous-hearted to a fault, never more happy than when administering to the sick and relieving the wants and necessities of the needy.

Father Glorieux's many tender and loving ministrations in this community will ever remain fresh in the hearts of his people, but it is fitting that the place where he sleeps his last sleep should be appropriately marked, and this has been done in the granite shaft erected to his memory.

IN SOCIAL CIRCLES.

Mrs. James A. Johnson Entertained Tuesday Afternoon in Honor of Her Guest, Mrs. January, of Chicago.

Mrs. James A. Johnson had an informal "at home" yesterday afternoon in honor of her guest, Mrs. Emma D. January, of Chicago. Mrs. Johnson was assisted in receiving by her daughters, Misses Bessie and Harriet Johnson, Mesdames Robert Cochran and John Gray Wadsworth. Miss Cleon Owens presided over the frappe bowl, while Mrs. Thomas R. Phister did the honors in the dining room, with Miss Campbell and Mrs. John Clarke Rogers.

The home was fragrant with spring flowers, lilies of the valley being used in profusion.

Mrs. January's many old friends called during the afternoon to extend a cordial welcome to her on her return to her old home.

THE MAY RETREAT.

Order of Services to be Held at St. Patrick's Church, Beginning This Evening.

The annual retreat for the sodalities of The Immaculate Conception, Children of Mary and the Knights of Saint Aloysius will open this evening in Saint Patrick's Church.

The exercises will be conducted by the Rev. Father Gaudentius, C. P., and the order is as follows: Masses at 5:30 and 7:30; conferences for the children 9 a. m., 2 p. m.; sermon and benediction 7:30.

The month of Mary brings this golden opportunity, and it is to be hoped that many new members may be counted at its close. The Young Ladies' Sodality has doubled its number since its organization two years ago, but "Excelsior" is still their motto.
